PROFESSIONAL SUMMARY

Results-driven Frontend Developer specializing in React.js, adept at creating responsive interfaces with strong technical skills in HTML, CSS, and JavaScript. Demonstrates a talent for learning and integrating new technologies like Generative AI swiftly, and excels in collaborative environments to enhance user experience and code quality.

WORK EXPERIENCE

Kocheta Innovation Pvt. Ltd.
Web Developer Internship | **October 2021 - December 2021**

Job responsibilities:

- Developed an e-commerce website using WordPress, customizing themes and plugins to create a cohesive and functional user interface, effectively showcasing my skills in responsive design and user experience.
- Configured and deployed the website on AWS Lightsail, demonstrating my ability to optimize web applications for speed, performance, and scalability, which aligns with the requirement for cross-platform compatibility and performance.
-

PROJECTS

1. Care Pharmacy | 🌐 **|** 🎮
JavaScript | Git | Responsive Web Design | HTML5 | CSS3 | Node.js

- Developed a responsive web design using HTML5 and CSS3 for a seamless experience across devices.
- Implemented JavaScript to enhance interactive functionality and improve user engagement.
- Collaborated with a backend team to integrate Node.js server-side logic with frontend components.
- Utilized Git for version control to maintain and manage code changes effectively.
- Conducted thorough testing and debugging to ensure application reliability and stability.
